

SUGGESTED SUPPLY LIST • FALL 2022

- **Tombow Dual Brush Pens (these come individually or in multipacks)**

I would suggest a 10 pack of the colors that appeal to you
(1 end is a brush pen, the other end of the pen is a round tip)

- **Pigma Micron Pen in Black • 1 pen** (I like the .03, but .01 or .05 will work too)

- **White Gel Pen • 1 or 2 pens**

- **Sketchpad**

Strathmore calligraphy writing paper pad would be a good choice at a reasonable price

- **Ruler** (I like the clear ones)

- **Pencil**

Optional Supplies

- Any brush pens or gel pens that you already own
- Folder to keep handouts gathered
- Tombow Fudenosuke Brush Pen. This brush pen is stiffer, and good for smaller lettering. It would be nice to have at least 1 for comparison and smaller lettering.

**If you already have other brush pens, please bring them to our first meeting. Then you can decide if you want to buy the Tombow Dual Brush Pens or use the ones you already own.*

Art Supply Stores

- **Blick's** had best overall prices online. Also a nice brick & mortar store on Highway 92
- **Michael's** prices were higher than Blick's, but you may find a sale or use half off coupon
- **JoAnn** prices were higher than Blick's but there may be a sale or use half off coupons
- **Hobby Lobby** • didn't see most items online, but they may have something comparable in the store
- And of course, everything can be found on **Amazon**
